

REF- 01192/84

ADMINISTRATIVE - INTERNAL USE ONLY

ADDI CHRONO
21 February 1984

MEMORANDUM FOR: Associate Deputy Director for Intelligence

VIA: Chief, Analytic Support Group, DI

FROM:
Deputy Chief, Analytic Support Group, DI

STAT

SUBJECT: Force Trend Database Position in ASG

1. has informed me that he will join the Force Trend Database Team in ASG if he can be placed in a GS-15 slot established for that purpose. He apparently reached this conclusion after talking with Rae Huffstutler about the advisability of taking this assignment.

STAT

2. I recommend that such a position be established. A military database systems program manager would permit ASG to make a long-term commitment to support the development of military databases and related methodologies for the regional offices. Major duties for this position are outlined in the attachment.

3. As a practical matter it may not be possible to establish a new GS-15 position in FY84. We could, therefore, upgrade an existing GS-14 slot in ASG (probably HK090) with the proviso that we would replace this GS-14 position in FY85. If you agree, we will proceed in this manner.
